

# University of Leeds and Manchester

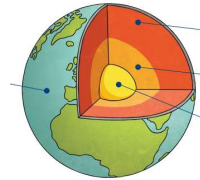

Year 3

Learning Updates

Week ending 14.01.22

**MUSIC  
EXPRESS**

This week in year 3 has been a very busy one!

The children have enjoyed lots of engaging activities whilst being introduced to their new topics.

They have learnt about the Earth's crust and its five different layers as part of our new Geography topic, investigated the force of friction using different types of surfaces in Science and they have also listened to and composed a piece of Chinese music using the pentatonic scale in relation to our new music topic.

## English

In English this week, the children have finished writing recounts of their holidays including all of the key features. One of the key features they had to include were time conjunctions.

Can you use your knowledge to complete the missing conjunctions sheet?

## Spellings

Spellings will be given out weekly on **Fridays**.

Please encourage your child to practice LOOK, SAY, COVER and WRITE until they are confident to spell them independently.

Spelling tests will take place on Fridays after lunch.

## Other Information

### Reading Books

Mrs Williams, our year 3 class governor has very kindly offered to come into school on three mornings every week to support children with their reading.

Please ensure your child brings in their home reading book and yellow reading diary in their book bag.

### PE

Please remember year 3 PE sessions are held with West Bromwich Albion every **Monday** afternoon. Please make sure PE kits are bought in for children to change into as this half term we are doing gymnastics in the school hall.

Thank you 😊
