

### English

In English this week, the children have continued learning about the story of 'Escape from Pompeii' by Christina Balit.

They have learnt about some of the key features of a newspaper report, have written their own headlines and messages in bottles and also acted out some of the scenes from the story using roleplay.

Can you use your knowledge to improve the headlines written on the sheet?

### Other Information

**Chinese New Year – 1<sup>st</sup> February**

**Safer Internet Day – Tuesday 8<sup>th</sup> February**

**Well done to all of our year 3 award winners this week!**

### Maths

This week in our Maths lessons the children have been introduced to a new chapter from Maths No Problem on length.

The children have really enjoyed the practical aspect of using measuring tapes, rulers and meter sticks to find out the length of different objects within school.

Can you measure items in your own home using different measuring apparatus?
